Ex-Provisional Governor Perry, of South Carolina, has written another letter against calling a convention under the military act. He argues that if called it will be the first step towards a general division of landed property among the negroes. He says it is against nature and reason to suppose that an ignorant majority will not pursue their own interest, regardless of right. Thousands of unprincipled will unite their destiny with the negroes for the sake of spoils and plunder. He thinks it better that Congress should confiscate the lands than that such degradation should be voluntarily accepted, and says he will live under a Military Government, no matter how absolute and despotic, sooner than vote a negro government for South Carolina, which every man will do who votes for a Convention. He advises every man who is not disfranchised, as he values his life, honor and property, and the peace of society, to register promptly, and to vote, endorsing on his ticket, "No Convention."

INDIAN DEMONSTRATIONS IN ARIZONA.

A communication has been received by the Bureau of Indian Affairs from George W. Dent, Superintendent of Indian Affairs for Arizona Territory, dated Lapaz. He reports another melancholy massacre of American citizens by the Apaches, of Central Arizona, on the 2d of March. Two teams, belonging to a resident of Lapaz, returning from Prescott in charge of two drivers and accompanied by five other men, were fired into with guns by a party of about forty Apaches, and driven off. One of the travelers was killed. The scene of the calamity was about eight miles on the Lapaz side of Date Creek. Two of the travelers were wounded, and they, with the two others, who were unhurt, escaped. The Indians destroyed part of the harness of the teams, rifled the wagons, and run off the stock, consisting of eighteen mules and four horses. About three hours after the occurrence another train of wagons came up, and, being prepared, attempted to recover the stock. They followed them to a canon in the mountains to the north of the road, where they were charged by the Indians and repulsed, and the Indians again made off with the entire booty. After burying the dead by the roadside, they proceeded to town and reported the foregoing. The depredation occurred in a part of the road heretofore regarded safe against hostility and is additional proof of the increasing boldness of the Apaches. Mr. Dent further writes that by a recent order of the commanding military officer, a military patrol will be stationed between here and Date Creek, and the efficiency of the troops will be tested. It is believed, but not reported officially, that some of the young men of the Yampais and Mojaves will join with the Apaches in their depredations, and such is the strength of the sentiment and belief that should such a coalition be proved, the whites would retaliate on the friendly River Indians and sacrifice them mercilessly.

DIPLOMATIC CORPS RECEPTION—WIFE OF THE MEXICAN PRESIDENT INVITED.

Secretary Seward had a reception for members of the Diplomatic Corps. The wife of President Juarez, being in Washington sojourning at the Mexican legation, was invited to this reception. It is said her appearance on this occasion elicited as much attention as the Japanese embassadors themselves, the actual circumstances of Mexico, and the personages attending the reception being such as to make her presence on the occasion suggestive of grave consideration, to European minds especially.

KENTUCKY ELECTIONS.

[By Telegraph to the Pittsburgh Gazette.]

PARIS, KY., May 4.—The following is the vote for Congressmen, as polled to-day: Beck, 1,827; Hanson, Conservative, 47; Brown, Radical, 62. Only about two-thirds of the precinct vote was polled.

LOUISVILLE, May 4.—The Congressional election passed off quietly. Asa P. Grover, State Rights Democrat, received about 1,200 majority in the city. Returns from other points in the Fifth District will probably swell the majority to 2,000. J. B. Knott, in the Fourth, and Joseph B. Beck, in the Seventh District, State Rights Democrats, are probably elected.

LOUISVILLE, May 4, 10 P. M.—The following is the full vote: Grover, Democrat, 2,926; Jacobs, Third party, 1,537; Bartlett, Republican, 66. Grover's majority in the District will exceed 4,000. The vote in the city and county is very small. The returns indicate the election of the Democratic candidates by a majority greater than Duvall's last year, in proportion to the vote cast. It will be a day or two before anything is heard from the Eighth and Ninth Districts, which are contested.

DESTRUCTIVE FIRES.

Conflagration at Rochester, New York—Loss of Life—List of the Sufferers.

[By Telegraph to the Pittsburgh Gazette.]

ROCHESTER, May 4.—A great fire occurred this morning, involving a loss of over $100,000. The fire began soon after midnight and continued until eight this morning, when it was checked. Palmer's block, in Main street, and several stores adjoining, were destroyed; also all of the Washington Hall block, in the same street, the latter large and elegant. When its immense roof fell in this morning three or more men were buried in the ruins. The charred and mangled bodies of John Pike, Harry Forceller and Joseph Worrett was taken from the ruins and conveyed to the dead house. It is now feared several other persons perished and further search is being made for bodies.

The following is a list of the principal sufferers: James Palmer, owner of block and stock of Pierothenyees, loss $25,000; insurance $8,500. Loss of Monroe Estall on building $7,000; insured. A. S. Pendry, drug store, loss $10,000; insured. J. Graham, loss on house and effects $5,000; insured fully. Washington Hall block, Jabez Collins, of Hartford, owner, loss $30,000; insured $17,000. CHICAGO, May 4.—Elevator A, on Sixteenth street, belonging to Armour, Dole & Company, was destroyed by fire to-day. Loss $200,000; fully covered by insurance. Elevator B caught fire several times, but by the exertions of the firemen damage was prevented. The cause of the fire was unknown. Six firemen were buried in the ruins last night, three of whom were taken out alive and but little injured; the others were dead when found.

Another Fire at Chicago—Incendiarism.

CHICAGO, May 5.—Hoffman & Weiss' machine shop, near Adams street, between Lasalle and Wales, was destroyed by fire last night. Loss about $6,000; insurance $3,000.

The general impression now is that the burning of Armour, Dale & Co.'s elevator, yesterday morning, was caused by an incendiary. The building had not been occupied for two months. The contents of elevator B, adjoining, was considerably damaged by water; how much, has not, as yet, been ascertained.

FROM CHARLESTON.

Satisfactory Settlement of the Street Passenger Car Question—Letter from Gen. Sickles.

CHARLESTON, May 4.—General Sickles has written the following letter: *Dear Sir*, I have great pleasure in acknowledging the receipt of your communication of this date, transmitting the resolution of the Board of Directors of the Charleston City Railway Co, by which it is declared the cars of the company are open to the public and that the right of all persons to ride therein is recognized. I trust this action of your company will be appreciated in the right sense. You have removed an occasion for collision and disorder, and you have added further emphatic testimony of the disposition of the people of the South to accept in good faith the legitimate consequences of enfranchisement of the colored race. In the concession of a common right to share the privileges conferred for the benefit of all citizens, you have discharged your plain duty in a manner most conducive to public interest. It is the more gratifying to see the citizens themselves take initiative measures tending to promote tranquility, concord and peace, than to find myself constrained to exercise authority to secure those ends, since I have not yielded to the impatience of those who desired to press this question upon the attention of the military authorities, feeling confident that in this, as in other similar matters, a more satisfactory and permanent solution would be found by the involuntary action of those most interested in doing equal justice to the freed people.

I am, sir, very respectfully,
[Signed,] D. E. SICKLES.
To John S. Riggs, Esq., President City Railway Company.

THE SOUTH.

Relief Being Dispensed Under the Congressional Appropriation—Robert Toombs Accepts the Situation.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, May 4.—The *Herald's* special says that active measures have been adopted to dispense relief to the destitute of the South under the Congressional appropriation of $500,000. For Georgia contracts for 35,000 bushels of corn and 27,000 pounds of bacon and pork have been made, and for Alabama 30,000 bushels of corn, and 15,000 pounds of pork have been shipped to Mobile. 24,000 bushels of corn have been sent to South Carolina. In Louisiana, North Carolina and Tennessee, there not being quite so much want, lesser quantities have been furnished, but sufficient to meet estimates.

Robert Toombs, of Georgia, has recently written a letter accepting the situation, and saying: "No true patriot in the south will forsake his native land. Let us remain here and endeavor, by the favor of God, to build up our waste places."

FROM CHICAGO.

The Eight-Hour Difficulty—Work Partially Resumed Under the Protection of the Police.

[By Telegraph to the Pittsburgh Gazette.]

CHICAGO, May 4.—No riotous demonstrations by the strikers are reported to-day. Squads of police are stationed in various parts of the city, and under their protection work in some of the manufacturing establishments is partially resumed, under such temporary arrangements as can be made between the parties interested. No labor of any consequence is being performed at either of the railroad shops or freight depots. Meetings were held in various parts of the city last night by the strikers, at which resolutions were adopted insisting on the recognition of eight hours as a legal day's work, deprecating the acts of violence committed by their fellow-workmen, and expressing a willingness to accept eight hours pay for eight hours labor.

River Telegrams.

[By Telegraph to the Pittsburgh Gazette.]

LOUISVILLE, May 4.—River rising slowly, with 8¼ feet of water in the canal by mark.

—The world is crazy for show. There is not one person in a thousand who dares fall back on his real, simple self, for power to get through the world, and exact enjoyment as he goes along. There is too much living in the eyes of other people. There is no end to the aping, the mimicry, the false airs and the superficial airs. It requires rare courage, we admit, to live up to one's enlightened convictions in these days. Unless you consent to join in the general cheat, there is no room for you among the great mob of pretenders. If a man dares to live within his means, and is resolute in his purpose not to appear more than he really is, let him be applauded. There is something fresh and invigorating in such an example, and we should honor and uphold such a man with all the energy in our power.

—The *Journal of Commerce* thinks the insurance companies have now got the rates too high, and that the effect will be the starting of a lot of new and weak companies again.

He condemned the Liberal members, who had been deceived and voted with the Government, and called upon the Liberal party to rally around Mr. Gladstone, whom he warmly eulogized. WASHINGTON, May 5.—The Mexican Legation has received the following official document from Mexico: A letter from General Escobedo to General Mejia, Secretary of War:

SIR: General Guadarrama has just forwarded to me the following report:

"Marquez reached the City of Mexico with an escort of some forty persons, after which some five hundred French and Austrians also arrived in small detachments. He yesterday made a requisition for horses, and it is to-day said that he left for Toluca with cavalry, going in the direction of Los Crusis. We have just arrived at this place, near the village of Guadaloupe, and we are skirmishing. General Diaz is coming up with a considerable force.

The officer charged the prisoner with using threatening language to him, but it was proven he had not, and the prisoner was discharged.

A Swindle Exposed—War of Extermination Against the Indians.

[By Telegraph to the Pittsburgh Gazette.]

SAN FRANCISCO, May 4.—The San Francisco papers denounce the New Portown swindle, and calls on the Boston and New York press to expose the affair. The *Bulletin* says the particulars of the swindle reveal an adroit and elaborate plan to make money by illegitimate speculation. A knowledge of the facts published caused the business of selling lots in that promising town to cease.

Amusements.

ACADEMY OF MUSIC.—A few days ago we made the pleasing announcement that this magnificent hall, the most complete and elegant in Western Pennsylvania, will shortly be thrown open as a first class temple of the drama, under the management of Messrs. Burke & Hall. Since then we have learned additional particulars of the enterprise, and can safely promise that manager Hess' brilliant career in this city will be eclipsed in the present movement by his studious pupils. The engagement of Jas. E. Murdoch, the patriotic historian, has already created considerable theatrical enthusiasm in fashionable quarters, and from present appearances the great actor will be warmly welcomed by as large and brilliant an audience as ever assembled here.

NEW OPERA HOUSE.—The preparations for the great sensational spectacular drama, "The Black Crook," necessitates a private rehearsal to-night, so that there will be no performance for the public. To-morrow evening, however, our citizens will be gratified with the Black Crook, which is to be produced here in as fine style as it has ever been placed upon the boards in America. Manager Henderson is sparing neither money nor labor to insure a great run for the fascinating fairy production, and a rare gala time may safely be anticipated while it is on the stage.

PITTSBURGH THEATRE.—The "Old Drury" under the management of Wm. Smythe, opened on Saturday night to an immense audience, and the Charlie White Combination Troupe made a decided hit. The performers are capital, and doubtless will continue to draw overwhelming audiences A rare good bill is offered to-night.

VARIETIES THEATRE.—Manager Meyers, of this popular place of amusement, continues to meet with abundant success, and his great troupe of talented performers ably sustain the high reputation won for this theatre. Among the attractions this week commencing to-night are the Lopez family of gymnasts and acrobats, and M'lle Laurent, the boquet of beauty.

MASONIC HALL.—The Apocalypse, or what St. John saw, continues to fill Masonic Hall nightly with crowded and appreciative audiences. As a work of art, illustrative of the mysterious Book of Revelations, we believe this to be the finest which has ever been brought before our people. The exhibition will remain during the present week, and all should embrace the opportunity of attending.

—People who ride in French railway trains are generally paid for at a high rate if killed or injured by "accidents." On a road along the Mediterranean coast there was a disaster last winter, and the courts have just decreed exemplary damages to the relatives of persons who were killed. A lady whose husband was killed receives $12,000 in gold, and her son $12,500; the widow of the engineer driver and her family recovered $4600; and the widow of a porter killed on the train gets $1200, and in addition an annual payment of $120.

—Two Paris correspondents of London papers sent letters recently to their respective journals as usual, and days afterwards were mystified at reading letters not their own. The fact was each letter had appeared in the wrong paper, showing that the letters had both been opened on their passage, and finding that nothing very objectionable was contained in them, they were allowed to proceed, but were accidentally inserted in the wrong envelopes.

—Speaking of child-whipping in the Boston schools, a journal of that city says: "The cries which come from children being punished in one at least of our public schools disturb the neighborhood during the season when the weather renders it convenient to have the windows open."

—A young lady residing in the vicinity of Brooklyn complains that she became so interested in a young man who visited her that while in his society she lost her diamond ring and found a brass one on her finger instead, and adds "that if the ring is returned she will ask no questions."

Another Contempt Case—Further Aldermanic Developments.

We have heretofore noted some circumstances connected with the case of James McCoy, a huckster, convicted at the last term of the Criminal Court of the larceny of a box of turkeys from the Diamond market, laid as the property of Thomas Ryan, also a huckster, residing in Fayette county. At the time of the trial, and also upon the occasion of the sentence, the allegation was made that McCoy had been the loser pecuniarily to a considerable extent, that unlawful things had been done, in a word that the felony, if such it was, had been compounded, the magistrate being concerned, as alleged, in such a way at least as to cause a suspicion of his culpability. Ryan made the information against McCoy before Alderman Donaldson, and of course was the prosecutor, but did not appear at the trial. Subsequently he was brought into court on an attachment, and gave bail for his appearance on Saturday to answer for contempt. He did appear, with Messrs. A. G. Cochran and R. S. Morrison as his counsel. The fact was mentioned that an information had been made against him, before Alderman Sutherland, for compounding felony, and the Court asked to take this into consideration. The Court declined, stating that the only matter properly before them was that of the contempt. Ryan's counsel had nothing to urge in his behalf, except that he would throw himself upon the mercy of the Court. In that case, said Judge Sterrett, Ryan being in contempt, it only remained to commit him to custody until he had purged himself. Mr. Cochran then thought it proper that Ryan should make an explanation, which, it appeared, there was a disposition to avoid. Ryan said he had prosecuted McCoy and was recognized to appear and prosecute the case; that McCoy subsequently came to him and desired to "settle" for $100; that he (Ryan) went to Alderman Donaldson and asked him if there would be anything wrong in so doing, the Alderman replying that there would not, and telling him to take the money and go home; that he took ninety dollars, throwing off ten dollars, as McCoy said he was a poor man; supposing that the case had been settled, and that there would be nothing more about it, he did not attend court. This was all the explanation he had to make, and it was considered satisfactory, Judge Sterrett remarking that it was confirmatory of what he had been led to suspect from statements made at the trial. In the first instance good bail (Dr. T. J. Gallaher) had been taken for McCoy's appearance, but subsequently a man of straw was substituted, and in the manipulations of certain parties McCoy had been the loser of a considerable amount of money. As far as the "contempt" was concerned, nothing appeared to warrant the Court in imprisoning or fining Ryan. He had, as he said, supposed the case settled, and hence his non-appearance. His discharge was ordered on payment of the costs.

Assistant District Attorney Riddell was present and suggested that from what had been developed the Court might order Ryan to be held to await the action of the Grand Jury in the matter of the compounding of the felony. Judge Sterrett said it appeared that case was in the hands of a magistrate, and hence they could not interfere.

We may add, by way of explanation as to the finding of the bill against McCoy in the absence of Ryan, that it was found on the evidence of the Market Constable, who it was incidentally ascertained by Assistant District Attorney Riddle knew something about the case. The finding of the bill was the source of considerable surprise to parties concerned, they of course knowing of the absence of Ryan, and also of the fact that Mr. Riddell had failed to secure his attendance, after considerable effort. Of course it was to their interest that no bill should be found. Ryan had "settled" the case after the fashion quite too common of late, and those connected with him might well feel it to their interest that he kept out of the way. Becoming acquainted with the facts or circumstances, Mr. Riddell, as was his duty, determined to have the case fully investigated, and to this end an information was made before Alderman Sutherland against Alderman Donaldson, a man named Miller, the "straw" bail, and Ryan for compounding the felony. Hearings were had in the case, but the evidence at hand failed to warrant Alderman Donaldson and Miller being held to answer. Ryan at this time could not be found, and this investigation took place prior to the trial of McCoy. As the matter now stands, with the development made on Saturday, it remains to be seen what will be done. Mr. Riddell will doubtless pursue it further, and endeavor to bring to the bar of the Court those who have been violating the law in the manner indicated.

From indications we are led to believe that the practice of settling cases, no matter of what sort, by magistrates, will shortly receive a most wholesome check. Our remarks on this subject, a few days since, have had the desired effect, and we trust will result in a lesson to those of our magistrates to whom they applied which they will not omit to profit by.

Accidental Death by Drowning.

Coroner Clawson, on Saturday, held an inquest on the body of Owen Hill, drowned in the locks at Port Perry on last Wednesday evening. Deceased, as appeared from the evidence, had got on one of the Brownsville boats near the city, to go up to the Copper Mills, but for some cause or other did not get off there, but went on to Port Perry. He was noticed on the locks by Capt. Woods, who has charge of the locks, about eight o'clock on Wednesday evening. He then went off, walked about the village, came back again and left his coat in the office of Capt. Woods. The Captain kept watching him for some time, through fear that he might be intoxicated, but as the man had stated to him that he was only waiting for the boat to come down the river again, he paid no further attention to him. It was supposed that the man in his hurry to get aboard the boat, when she arrived, had missed his footsteps in the dark and fallen over into the locks. The jury rendered a verdict of accidental death by drowning. Deceased lived at Campbell's coke ovens, on the Monongahela, near the Two Mile Run, and was represented to be a sober and industrious man. The body was taken charge of by his family, of whom there are a wife and several children. There were no articles of value on his person, except a silver watch, American lever, and a small amount of change.

The Law Library.

Saturday morning John H. Hampton, Esq., presented to the Judges of the District and Quarter Sessions Courts a certified copy of the act relating to the establishment of a Law Library for Allegheny county, he having been chairman of the committee appointed at a meeting of the members of the Bar to prepare the act and to take measures to secure its adoption. The act was passed at the recent session of the Legislature, and provides that a certain portion of the costs accruing in cases brought before the Courts shall be appropriated to establishing and maintaining a Law Library, the want of which has been so seriously felt by the members of the Bar. The law provides that the moneys so appropriated shall be paid over to a Board, consisting of five members of the Bar, to be appointed by the Judges of the several Courts, and that they shall apply it to the object named. The Board or Committee are required to make an annual report of the moneys received and expended during the year, said report to be presented to Court, and placed on file. The Judges had a conference in the afternoon, and appointed as the Board under the act Messrs. John H. Hampton, James Veech, George Shiras, Jr., and John W. Riddell.

The Apocalypse Exhibition at Masonic Hall—Positively the Last Week.

The splendid exhibition of the Apocalypse, or Visions of St. John, will remain at Masonic Hall this week only. In order to accommodate the immense crowds who were unable to gain admission last week, exhibitions will be given every afternoon and every night this week. We would say to all who have not yet seen this magnificent entertainment, go this week by all means or you will miss one of the rarest treats of a lifetime. Children will be admitted to the afternoon exhibitions, which commence to-day, for fifteen cents.

Dress Makes the Man.—In this age of fashion and show it is most essential for every gentleman, if he would occupy a high place in the thoughts of the fair ones, to study his personal appearance and be careful in selecting his tailor. Now for the guide of all who may require the services of so important an individual, we would confidently refer them to Mr. Heppenheid's establishment, No. 50 St. Clair street, who has just received his second spring arrival of goods. To all who require a superior and fashionable spring suit of clothes we say pay him a visit.

The Late Robbery in Lawrenceville—Discovery of Stolen Goods.

Frederick J. Guth, arrested last Thursday charged with the robbery of Streib's bakery, in Lawrenceville, had a final hearing before Justice Jancey, on Saturday evening. The search of Guth's premises, together with the examination before the Justice, revealed the fact that Guth's house has been a receptacle for all manner of stolen goods for some time back, whether brought there by himself or not, remains to be seen on the trial. The articles found on the premises were brought to Justice Jancey's office, where quite a number of them were identified by parties living in the borough. Among others Mr. Blackstone identified a saddle, as one stolen from his stables on the 20th of April. As our readers remember, Mr. Blackstone's stables were forced open on the 20th of April and two valuable horses, together with a riding saddle, taken away. The horses were found a day or two afterwards in Wilkinsburg, and the saddle was found on Saturday as stated. Christian Irwin, a resident of the borough, lost twelve chickens and a turkey, stolen from his premises in April, and three of the number were found and identified by Mr. Irwin in the yard of Mr. Guth. John M. Roberts also identified a roll of carpet as the same stolen from his house about the 18th or 20th of April. Mr. Irwin and Mr. Roberts did not make any information against Guth before the Justice, being satisfied with the recovery of their property. The examination before the Justice was conducted on the part of the Commonwealth by John W. Riddell, Esq., and shows clearly that the house has been nothing more nor less than a den of thieves. It may not be out of place here to say that Guth states that these goods were brought to his house by a peddler named Otto Forstige, a boarder in his house at the time, and he denies any knowledge of them having been stolen. He accordingly made information before the Justice against Forstige, on Saturday, but he has not yet been arrested. Guth was committed to jail on Saturday in default of five hundred dollars bail, to answer the charge of larceny preferred by Mr. Streib, and one thousand dollars bail to answer that of Mr. Blackstone. Mr. Streib also made information against Mrs. Guth for larceny, but her feeble condition at present makes it impossible for her to be arrested. Mr. Streib states that when he saw the burglars at his house on Wednesday night there was a woman with them, and this he takes to have been Mrs. Guth. There are still some articles at the office of the Justice not identified, and any one having lost articles lately would do well to call and examine.

Robinson Brothers Bankers.

Elsewhere we publish the advertisement of Robinson Brothers, Bankers, No. 78 Fourth street. In our business community we feel that it is unnecessary to speak in terms of commendation of this firm, as they have long been recognized amongst our careful, liberal and trustworthy bankers, and deservedly occupy a high place in the confidence of the mercantile public. They advertise to convert 7-30 bonds free of cost to the holder, at the liberal terms of the Government, an advantage not to be underestimated by those interested. They have constantly on hand all kinds of United States Securities, and are prepared to buy or sell railroad bonds and stocks gas and bridge stocks, land warrants, mortgages on real estate or any other marketable papers or securities, upon very reasonable terms. They likewise attend properly and promptly to the purchase and sale on commission of stocks in the principal eastern markets. The firm allow a liberal rate of interest on all time deposits, and offer superior inducements to merchants and dealers for their financial patronage. In connection with this reference to the house, we might add that the firm advertise for the county bonds of Mercer, Butler, Washington, Lawrence and Beaver, for which they will pay the highest price.

Extensive Burglary—Banking House in Canonsburg Robbed.

An extensive robbery occurred in Canonsburg, Washington county, on Friday morning at a very early hour. Somewhere between two and three o'clock, the Farmers' Deposit Bank was entered by burglars and a considerable amount of money taken out, though what sum is not precisely known. An entrance was effected by prying open the front door, and when in the safe was blown open with gunpowder. There were eighteen hundred dollars in the safe belonging to the company, besides a large amount of money in small parcels, not formally deposited, but left there by farmers of the neighborhood for safe keeping. In a book lying in the safe were bills amounting to $2,700, belonging to an estate of which the treasurer of the banking house, Mr. Benjamin South, is administrator. This book together with its contents was overlooked by the burglars and left undisturbed. A reward of one thousand dollars has been offered by the institution, five hundred of which will be paid for the recovery of the money and five hundred for the apprehension of the thief or thieves. No trace, however, of the guilty parties has thus far been discovered.

Removed to the Jail.—Ruth Ann Grubbs, the girl in Allegheny, who is accused of having murdered her child, was taken to jail on Saturday by officer Hess, of the Allegheny police. The girl, as will be remembered, was too ill, at the conclusion of the inquest, to be removed, and has ever since been under the surveillance of the police. She appears to manifest but little concern as to the future, believing that, if found guilty, she will not be punished. She has frequently asserted that there was no necessity for the police guarding her, as she would not go away even were an opportunity afforded her.

Fire on Townsend Street.—About 12 o'clock, on Saturday, a fire broke out in the roof of the old Asbury Chapel, on Townsend street, Sixth ward, but the flames were extinguished before any material damage was done. The fire was caused by sparks from the chimney. The alarm was first struck from 42, and the entire department called out. No fire was discovered in that vicinity, and the steamers were returning when the bell struck 45 and afterwards 43. The location of the fire was finally ascertained, and a line of hose was sufficient to extinguish the flames.

Cane Presentation.—On Saturday morning Colonel J. L. Sientz, the mail agent, at the Pennsylvania Central Depot, was made the recipient of an elegant gold headed cane. The cane was the gift of the through baggage masters of the Pennsylvania Railroad, as a mark of their esteem and friendship. The presentation speech was made by Mr. H. N. Butler, the Depot Master, and neatly responded to by Col. Sientz.

Malicious Mischief.—Catherine Landran made information on Saturday, before Alderman Butler, against David Bolme, charging him with malicious mischief. She alleges that while her son was going down Wylie street with a wheelbarrow, defendant drove over the barrow with his wagon, injuring it and the contents. Defendant was arrested and gave bail for a hearing before the Alderman.

Obtaining Boarding Under False Pretences.—Lucinda Pulptz, a resident of Webster street, made information before Alderman Lindsay, on Saturday, against Andrew Patterson, charging him with obtaining board under false pretences. A warrant was issued for his arrest.

MURDER SUNDAY NIGHT!

Last night, about ten o'clock, a difficulty occurred at a drinking shanty, kept by Charles Walty, at Lock No. 1, between two men named John Joyce and James McCloskey, in which Joyce was almost instantly killed. Immediately on the receipt of the intelligence, Mayor McCarthy, with some of his police force, started in pursuit of the murderer. They surrounded the house of McCloskey's father, at Two Mile Run, but before much search had been made he came out and surrendered himself to the Mayor. He was brought to the city and is now secure in the watch house. The murdered man was either struck with the fist or kicked to death, as no mark of a knife or pistol ball is anywhere visible on the body.

THADDEUS STEVENS.

In one or more of his recent speeches to Southern audiences Mr. H. W. WILSON took the ground, according to newspaper reports, that as soon as the revolted States should comply with the conditions prescribed in the Military Government Act they would be restored to a full participation in rights with other members of the Union. He did not allege that the last or present Congress had pledged itself to this extent, or that it had or could bind the next; but he expressed his strong belief, founded upon his intimacy with the views and purposes of the members of the Fortieth Congress, and his knowledge of the sentiment prevailing throughout the North, that such would be the course adopted.

To these assurances Mr. THADDEUS STEVENS has felt constrained publicly to protest. He calls attention to the fact Congress has bound itself in no particular, and that at least one of its members is in favor of still further exactions. Undoubtedly Mr. STEVENS is correct so far. Just before the close of the called session he introduced a Confiscation Bill to the House, where it is still pending, to be called up hereafter. That bill was formal notice to all the country, and the revolted States in particular, that he did not regard the measures previously adopted as constituting a finality. He said by it what he now says in his letter. So far the tendency is to involve the white population of the seceding States in doubt and uncertainty; to induce them to remain at least passive until they shall be made acquainted with the utmost extent of the demands upon them; and to excite a degree of distrust eminently unfavorable to a speedy settlement of the great national controversy.

Two years have elapsed since the last rebel army laid down its arms. Yet today, according to Mr. STEVENS, the people of the region involved in the revolt do not know what will be done with them, nor what they are expected to do. This is decidedly wrong and miserably impolitic. In the shortest possible space after the actual cessation of warlike conflict, the government ought to have determined what guaranties and conditions were essential to future security, and to have given them immediate publication. It should have been understood these terms were final, if complied with. The South was then in a frame of mind to meet such demands promptly, if not with alacrity.

The Executive hesitated as to what should be done, and who should do it, and finally made a false and mischievous decision. Instead of calling Congress together, as the great emergency demanded, it ignored the legislative department altogether, and assumed powers of the largest magnitude, without so much as a hook to hang a presumption of right upon. It was this illegal and revolutionary proceeding that changed the current of Southern feeling and purpose, by creating a belief that the President could and would effectually stand between the rebellious States and the law-making power. Nor was Congress clear of censure in this matter. When it came together, months afterwards, in regular session, instead of rebuking the usurpation that had been committed, and asserting its rightful authority in the premises, it took an ambiguous position—half assenting, half protesting—which gave encouragement to the Executive and inspired fresh hopes of escaping all disabilities in the leaders of the Confederacy and in the States concerned in that contumacious organization. Only when the voices of the loyal people were heard through the ballot-boxes did Congress recover its composure and self-respect, and take up the line of its imperative duty; nor did it then perform its functions in the full-hearted and intelligent manner the people had a right to expect. It failed in many particulars, not only to apply the right remedy, but to see that any remedy was necessary. Just upon the eve of adjournment, it hit upon a plan of Reconstruction. That plan certainly did not embody all we wanted in it; but it had the merit of being tolerably good and definite. Under it the Southern people, returning from the escapade into which the President led them, are evincing a pretty strong disposition to re-organize. There are malcontents, as there always are under such circumstances, who say and do obnoxious things. To delay, waiting for all overt sympathy with the rebellion to die out, would be tantamount to an indefinite postponement, leaving ten States under military control. This does not comport with the genius of popular institutions, and might, in the mutations of affairs, furnish a precedent of fatal tendency.

MR. STEVENS has not the popular mind on his side, and can get it there only by foolish and psrverse conduct on the part of the Southern people. If they go ahead, under the law as it stands, complying fairly with its provisions, manifest a deeire to let by-gones be by-gones, and consult the things that make for permanent peace, they need have no apprehensions that additional burdens will be laid upon them. The will of the people is to make the Military Government Act an end of the fierce debate, and under it to re-unite the circle of the Union during the next twelve months. A repetition of the violences of Memphis and New Orleans, or any fresh acts proceeding from like temper, would surely change the drift of Northern sentiment, and lead to enactments of which the little finger would be thicker than the loins of the Military Government Act. But we do not anticipate any such outburst. GEN. SHOFIELD may still have occasion to supprsss a violent newspaper; but rash editors are neither exclusively indigenious nor exotic at the South; and we have little faith in repression as a means for obtaining oneness of opinion and purpose. Gen. SICKLES may yet have need, in his admirable way, to compel a civic procession to pay proper respect to the national flag; but, after so many gaping wounds as were inflicted, scars will be left. Much will remain for time and distance to accomplish. The terrible feud between Scotland and England did not die out in a day. The factions by which France was torn and mangled during the Reign of Terror were molded anew into a homogeneous mass, only by new wants and affinities. England has endeavored by proscriptions to silence discontent in Ireland. Russia has attempted to trample out with iron heels the resistance of Poland. The measure of success achieved in either instance does not encourage to imitation of the example.

That this Union is to be bound together again, not merely by force, as now, but by the bonds of common interests and mutual helpfulnesses we confidently hope and believe. Even now there are indications, amid all the jar and contention, of an increasing affinity. The part of genuine statesmanship is to encourage this tendency.

PROGRESS AT THE SOUTH.

Shortly after Mr. JOHNSON'S accession to the Presidency he offered himself to the people of the insurrectionary States, as his friends were pleased to phrase it, in the capacity of a sort of break-water against northern radicalism. That was what they greatly desired, and his advances were met with unfeigned cordiality. If they had little respect for him either as an individual or as a public functionary, they knew he was clothed with a large measure of authority and was bold and energetic in working out his purposes. Hence, they were ready to forget, at least temporarily, the violence with which he had previously espoused the national cause, and to follow his leadership so long as it promised deliverance from any of the embarrassments or forfeitures brought upon them by the failure of the rebellion. They did follow him, until the South became again dangerous for a sincere Union man to reside in, except in immediate contiguity with a military post, and until the sptrit of revolt had so far revived as to lead to the massacres of Memphis and New Orleans.

Then the loyal people of the north became aroused, and a demand was made on Congress for a remedy adequate to the evil existing. It came in the form of the Military Government Act. That enactment had a salutary effect. It demonstrated that the will of the President was not law, and that his betrayal of the principles for the defence of which he was entrusted with power, had been imitated by only a weak and insignificant faction. Some of the old politicians, deeply compromised by participating in the rebellion, and consequently proscribed to a certain extent under the plan of reconstruction determined upon, conceived the idea of appealing virtually against Congress to the Supreme Court, in the hope that the Judges by a stretch of prerogative would attempt to usurp all the functions of the government. It must be confessed the Supreme Court had made two or three decisions which gave strong encouragement to the thought that it would go farther, and claim authority to compel the Executive and Legislative Departments to obey its behests. But the people gave the Court to understand, as they had previously the President, that they were masters, and no such assumption would be tolerated. When the preliminary hearing came on, some of the Judges were sorely puzzled to make what they felt constrained to do comport with what they had done before; but they bowed before a power greater than they.

Meanwhile the masses of the southern people evinced a commendable design to accept the situation. It was little to them that a few hundred gentlemen who had held offices under government, and had violated their oaths, were excluded from opportunity to repeat their crimes. It was much that civil order should be restored; that a just and legitimate authority should be established; that harmonious relations should be inaugurated between the local authorities and the national ones; and that the different classes and races of southern population should come to a friendly understanding with each other. This disposition was promoted by the discreet but vigorous action of the new Military Governors, who promptly gave the old State magistrates to know that if they did not cease resistance to the laws they would be removed, and the vacated places filled by men of better purposes.

As the combined result of all these causes reconstruction is progressing more rapidly than was anticipated. The leaders of the Confederate armies are not only giving the people good advice, but are setting an excellent example. The business classes are generally taking on the same spirit, and these will eventually, and without much delay, exert a controlling influence. It is settled that re-organization will be accomplished under the Military Government Act; and there are abundant reasons for believing that before the close of the next regular session of Congress the representation in the two Houses will be full and the patriotic work perfected. It is barely possible some of the old political leaders may pursue the appeal made to the Supreme Court, with a view mainly to seeing if they cannot get the disabilities under which they rest declared illegal, but that is a comparatively harmless labor in which they may be allowed to expend their money and patience.

MR. MORROW B. LOWRY, of Erie, is a candidate for re-election to the State Senate.

Decision in a Homestead Case.

Hon. Joseph H. Wilson, Commissioner of the General Land Office, has decided in the case of a homestead settler who died unmarried, and whose father applied for a preference right to take the land by ordinary purchase at $1 25 per acre, that this could not be granted; but on satisfactory proof of the death of the homestead party being produced, with proof of settlement and cultivation, under the eighth section of the homestead law, that the land could be paid for at $1 25 per acre, and entry made under that section in favor of the heirs of the decedent; following in this respect, the rule prescribed by the second section of the act of March 3, 1843, in regard to deceased pre-emptors.

—In Salem, Mass., during a thunder shower, a few evenings since, a young man was prostrated by the lightning while walking in the street. At the time he had a steel framed umbrella in his hand, with a wooden handle, the frame of which was completely riddled and thrown to the opposite side of the street. The breast of his coat was somewhat torn, and the waistband of his flannel shirt hung only by a shred, while the sleeve was partly torn open. What is more strange, on the shoes which he wore were steel buckles, apparently untouched, while the top of one of his stockings was literally unraveled. The young man was not injured in the least, only experiencing, on the following day, a little numbness in one of his hands. All he remembers of the affair is, that he saw a large ball of fire. When he reached the store where he is employed, and whither he directed his steps as soon as he recovered sufficiently, he jocosely asked them if they ever saw an umbrella struck by lightning, when, to his surprise, his attention was called to his tattered garments, and he for the first time realized what an escape he had had.

THE ASSASSINATION PLOT—WAS MR. JOHNSON TO HAVE BEEN A VICTIM?—It is said that General Butler, who since the adjournment of Congress has been energetically engaged in the search for facts connected with the assassination, has obtained evidence showing that there was a distinct understanding among the conspirators that in no event was the Vice President to be assassinated, and that the movements of Atzerott about the Kirkwood House, and the various circumstances going to show that there was a design to include Mr. Johnson as one of the victims of the plot, were intended merely as a blind.—*Washington Chronicle.*

GENERAL NEWS.

—Over the entrance to the hall where the French court concerts are held, is the announcement that "You must not look at the Emperor through an opera glass."

—In the Tyler-Gardner case a daughter President Tyler testified that her mother's brother, Mr. Gardner, forced a cigar down her throat in order to prevent her from smoking.

—At the marriage of Bishop Coxe's daughter, in Buffalo, the bride wore a dress of white lace and a fine bridal veil. The bridesmaids, four in number, wore white lace, trimmed with pink, and lace hats.

—"You would be pretty, indeed," said a gentleman, patronizingly, to a young lady, "if your eyes were only a little larger." "My eyes may be very small, sir, but such people as you *don't fill them!*"

—In Plymouth, N. C., a negro by the name of Ash is elected to a town office. Ash says he "is a gwaine to stop de niggers from totin guns and pistils troo de streets; dey am too careless how dey shoot dem off, and dey might happen, 'cidentally, to kill a nigger instead of a white man."

—In order to save time and labor and men, every first-class French vessel of war carries with her a little steamboat, about the size of a ship's jolly-boat, to be used in harbors. A race is to take place between a number of these boats for a handsome prize offered by the Minister of Marine.

—Dr. Gatling, the inventor of the celebrated gun which bears his name, was at the Watervliet arsenal on Wednesday, and tested the piece in the presence of the officers of the post. The gun—carriage included—weighs about seven hundred pounds, has six barrels, and revolves in a manner similar to the old-fashioned "pepper-box" revolvers. The balls used on this occasion were of the ordary musket size, with a metallic cartridge attached. The solid oak target was placed at a distance of one hundred yards from the gun, and the discharges were at the rate of about one hundred per minute, the balls penetrating the target to the depth of two inches. The cartridges are placed in a hopper, and by turning the crank the piece is revolved, the cartridges placed in the barrels and fired. If desirable, a lateral train motion may be kept up while the gun is being discharged, so that one perfect sheet of balls can be made to sweep a section of any circle within its range.

CONVINCING.

FULTON, Oswego Co., July, 1866.

MESSRS. HOSTETTER & SMITH—Gentlemen: I have been severely afflicted with paralysis of the stomach, and even given up by several eminent physicians. I have tried several remedies of a tonic and stimulating nature, but without any good result. Some three or four months ago I was induced to try your STOMACH BITTERS, and have used about seven or eight bottles with a decided benefit. My health is greatly improved; and I consider your bitters the only efficacious remedy of their kind in the market. If used as directed, they will always prove a sovereign remedy to those afflicted with dyspepsia or other diseases of a like nature.

Respectfully yours, LYMAN MUDGE.

HASTINGS, Dakota Co., Minn., Aug., 1866.

MESSRS. HOSTETTER & SMITH, Pittsburgh, Pa.—Gentlemen: Have sold your BITTERS ever since they were brought out, and consider them the best among the many before the public. Those brought out since the tax has been imposed on spirits are trash. I never recommend them. Respectfully and truly yours, H. J. MARVIN.

COLON, St. Joseph Co., Mich., July 31, 1866.

MESSRS. HOSTETTER & SMITH—Gentlemen: I consider your BITTERS a sovereign balm for a thousand ills. Yours truly, D. C. REYNOLDS, M. D.

PINUS CANADENSIS.

A tree which is abundant in Canada, Nova Scotia, and the more northern parts of the New England States, and is also found in the elevated and mountainous regions of the Middle States, and abounds in medicinal virtues. Dr. Swett, of Boston, has prepared a medicine from the sweet inside bark of the pine tree, called POLAND'S WHITE PINE COMPOUND, which is one of rare value in all debilitated states of the kidneys. It acts like a charm in all diseases of mucous membranes, enabling them to regain their lost tone and energy. It will be found well adapted to all those diseases, where Buchu has been tried and failed. It is likewise well suited to chronic coughs, and an infallible specific for old and debilitated cases of asthma. Many persons who at first only took a bottle of this medicine, to try, afterwards came back and got a dozen, or half dozen, which effected radical cures of diseases of the bladder and kidney of years standing.

Diabetes, a disease that has been looked upon as among the incurables, is immediately relieved by it. Notice the certificate of Asa Goodnue, published some time ago.

The *United States Dispensatory*, speaking of the pine, says: "It is prescribed in leucorrhoea, gleet, and other diseases of the urinary passages; in piles and chronic inflammation or ulceration of the bowels, in chronic catarrhal affections, and in various forms of rheumatism." It is exceedingly valuable in all gravelly affections, bloody urine, and where there is red and white sediment. It can be taken without interruption to one's usual avocations; and instead of sickening, produces a bracing, healthy power of endurance and vigor. Price, $1 per bottle; six for $5. Ask for POLAND'S WHITE PINE COMPOUND. For sale by the gross, dozen or single bottle, at DR. KEYSER'S Great Medicine Store, 140 Wood street. ap30

Baldwin Township Teachers' Institute.

At the last meeting of the Baldwin Township Teachers' Institute, for the term of 1866 and 1867, the following resolutions were adopted:

1. *Resolved*, That we consider the Teachers' Township Institute a valuable agent for the improvement of teachers and schools, and call upon directors and teachers throughout the county to unite their efforts and reorganize the Institute where it has been discontinued.

2. *Resolved*, That we commend the directors of this township for their progressive spirit, and for their prompt and faithful discharge of duty, during the past term.

3. *Resolved*, That our thanks are due to the citizens of this township for their hospitality, manifested on all occasions, but more especially on Institute days.

4. *Resolved*, That these proceedings be published in the Pittsburgh GAZETTE.

By order of the Teachers:
A. McCALLISTER, President.
JAC. LINHART, Secretary.

GENERAL NEWS.

—A son of Admiral Farragut is lying seriously ill at West Point.

—Binghampton is about to erect a monument to the memory of Daniel S. Dickinson.

—It is said the prison grounds at Salisbury, N. C., will be planted with cotton this season.

—Joseph Dion, the Montreal billiardist, has sold the patent of his fire alarm apparatus for $34,000.

—Mr. Hammond, the Middlebury, Vermont, sheep raiser, recently sold seven well gummed and greased ewes for $4,500.

—A Vermont boy named Wm. Magee hung himself in sport several times to amuse himself and his companions, but made a mis step finally and was strangled to death.

—A Unitarian clergyman of Boston, who was recently "done up" in a phrenological paper, on seeing his likeness, exclaimed, "Deliver me from the snare of the Fowler."

—The Clover Hill Coal Pits, in Virginia, which recently exploded, were opened on Saturday. There was water twelve feet deep in them, but no bodies had been recovered.

—Suicides average about one a day in San Francisco, mostly by poison. Coroners' juries usually report death from "natural causes." There is a rapid increase in the number of insured persons in that city.

—The New York constitutional convention which meets at Albany June 2d, will stand 97 republicans to 63 democrats. Ex-Lieut. Governor Alvord is a prominent candidate for the presidency of the convention.

—Dr. Cole, who killed a man named Allen of Kokomo, Indiana, the latter having been criminally guilty with the wife of the former, has been acquitted by a jury which returned a verdict of not guilty, Cole acting under the influence of "impulsive insanity."

—Eggs with iron shells will be a fact at the Paris Exposition. A Berlin chemist caused his hens to produce them by feeding them on a preparation in which iron was made to take the place of lime. The eggs may do very well for transportation, but how about the chickens?"

—A letter from Brownsville to the New Orleans *Picayune* says sixteen Americans, at work in a ship-yard at Bagdad, have been arrested on a false charge of attacking the guard at that place, and marched in irons thirty-three miles to Matamoras. The correspondent speaks of extreme hostility to all foreigners.

—C. A. Sherman has obtained a verdict of $8,000 damages against the Western Stage Company for the loss of his wife, child and mother, who were drowned by the upsetting of one of the Company's coaches while crossing Boone river, in Iowa. The trial took place at Lincoln. An appeal has been taken to the Supreme Court.

—A novel method of advertising attracted very general attention at Paw Paw last week. Long strips had been printed with the exhortation, "Go and hear B. F. Taylor to-night." One of these was fastened to the narrative of a goat, which was strolling about the streets, and did the business of advertising most effectually.

—A carpet bag containing three counterfeit plates, $20,000 in counterfeit fractional currency, and $10,000 in State money was dug up on Staten Island, on Thursday, by Marshal Murray, the secret of its burial place having been divulged by a convict named Stewart, now serving out a ten years' sentence in the Albany Penitentiary.

—"Wool Gathering" is the title of a new volume by Gail Hamilton, in the press of Ticknor & Fields, to be published this spring. The author spent several months last year in the west, and "Wool Gathering" chronicles her experiences while looking after what might be called her immaterial possessions. The volume is said to overflow with the author's racy humor.

—A young Methodist clergyman has preached from the steps of his church in Salisbury, New Hampshire, all through the winter, the house having been closed against him soon after he was sent there. No one comes to hear him, but storm or shine, he takes his position with uncovered head, and exhorts and prays, and no expostulation or entreaty can turn him from what he deems his duty.

—London papers have somehow got hold of Mr. Morrissey's maiden speech, as imagined by the authors of the "Wigwam Junction." This they take for a genuine oration, and base thereon forebodings of the result of Americanizing Parliament. Their summary of the speech is very funny. "Mr. Morrissey has been making a most extraordinary display of himself in the American Congress. As fast as any deputy spoke the pugilist interrupted him with some coarse professional slang. The House got excited and angry, whereupon this worthy declared that he wouldn't be 'handed over to any cuss in the House,' and appealed to the Speaker to prevent him from being 'crowded to the ropes' in that manner. He said he did not care for any rules of the House, but he would send up to the Speaker the last number of Bell's Life, with the rules of the P. R., which he hoped the Clerk would read as also the full score of the 'mill' between the Staleybridge Infant and the Brummagem Chicken. This was too much even for Congress, and the drunken blackguard was carried off by the Sergeant-at-Arms."

SPECIAL NOTICES.

☞ **HELMBOLD'S**

Concentrated Fluid Extract Sarsaparilla

Eradicates ERUPTIVE and ULCERATIVE DISEASES of the THROAT, NOSE, EYES, EYELIDS, SCALP and SKIN,

Which so disfigure the appearance, PURGING the evil effects of mercury and removing all taints, the remnants of DISEASES, hereditary or otherwise, and is taken by ADULTS and CHILDREN with perfect safety.

TWO TABLE SPOONFULS of the Extract of Sarsaparilla, added to a pint of water, is equal to the Lisbon Diet Drink, and one bottle is equal to a gallon of the Syrup of Sarsaparilla, or the decoctions as usually made.

AN INTERESTING LETTER is published in the Medico-Chirurgical Review, on the subject of the Extract of Sarsaparilla in certain affections, by Benjamin Travers, F. R. S., &c. Speaking of those diseases, and diseases arising from the excess of mercury, he states that *no remedy is equal to the Extract of Sarsaparilla; its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic with this invaluable attribute, that it is applicable to a state of the system so sunken and yet so irritable as renders other substances of the tonic class unavailable or injurious.*

FINANCE AND TRADE,

OFFICE OF THE PITTSBURGH GAZETTE,
SATURDAY, May 4, 1867.

The New York stock quotations to-day, as reported by Ph. R. Mertz, were as follows: Gold, 135¾; Eighty-one bonds, 110¾; Five Twenties, 1862, 107⅜; Five Twenties, 1864, 105¼; Five Twenties, 1865, 105⅝; Consols, 1865, 107¼; Seven Thirties, 05⅝; Ten Forties, ——; Cleveland & Pittsburgh Railroad, 72; Fort Wayne & Chicago, 97½; Erie, 63¾; Chicago and North Western, 35¼; Chicago and North Western prefrd, 62¾; Chicago and Rock Island, 91; New York Central, 98¾; Reading, 103½; Michigan Southern, 68¾.

Government bonds are strong, but not in demand at present prices. Railroads firmer, with the exception of Erie. Fort Wayne is the strongest stock on the whole list. North Western, preferred, and common is strong, with much demand, and under a continued increase of earnings will soon be above any former quotation. People who generally deal in railroad shares now plainly see that these stocks were below their real value a few days ago, and begin to buy to be ready before a further rise has taken place.

Closing quotations received by James T. Brady & Co:

—The statement of the public debt for month of April has been completed, though it has not yet been made public. The statement will show a reduction of about $6,000,000 in the debt for the month, which is very small compared with the last monthly statement. The conversion of Seven Thirties and compound interest notes into Five Twenties will amount to about $37,000,000. The statement will show the amount of gold on hand to be about $113,000,000. The amount of currency on hand will be considerably less than last month, which is accounted for by the small receipts of internal revenue during the month. None of the four million legal tenders which the Secretary of the Treasury may by law retire each month were so retired during April.

—On Wednesday nearly seven millions of dollars in gold was paid out at New York by way of interest on the public debt. Most of this was paid out in gold certificates from the gold department of the office, there being no export demand for the gold coin. The assistant treasurer sold nearly six millions of the consolidated Five Twenties of 1865, January and July, to be reinvested in Seven Thirty currency debt, of which he purchased nearly half the amount the same day. The price of consolidated Five Twenties advanced to 107⅝ on the extra demand for the reinvestment of the proceeds of the May interest on the old Five Twenties.

—The New York *Tribune* says: "The accumulation of balances in the banks of the Atlantic cities, aided by the idea that the Treasury intends to devote itself to funding short debts without materially decreasing the United States notes, is giving a fresh start to speculators upon the street, and operators for an advance begin to assume as confident a tone as though they thought the Secretary had abandoned all hope of specie payments."

—The act of the last Congress providing for the issue of three per cent. certificates has so provided for the payment of the compound interest notes, that the Secretary of the Treasury anticipates that they can by retired without making any disturbance in the money market. The act in question authorized the issue of temporary loan certificates for the purpose of retiring compound notes, and gave banks the privilege of holding these in their reserve to the extent of three-fifths of their whole reserve. Only fifty millions of these three per cent. certificates can be outstanding at any one time.

—The Cincinnati *Gazette*, of Friday, says: Messrs. Gilbert, Jones & Osborne, commission merchants, of this city, have suspended. They expect, we understand, to be able to pay in full, and their suspension is caused by joint operations with other parties who have not sustained their share of the losses.

New York Financial Matters.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, May 4.—Money very abundant and in active demand. Rates unchanged. Gold steady. The contest between the bulls and bears increases in interest, and the market is somewhat oversold, but with the present ease in borrowing gold, the shorts are disposed to let their contracts until something turns up. The Bank statement on Monday will show an increase of two millions in loans, two millions in specie, and eight to nine millions in legal tenders and deposits. Governments firmer. The banks are buying second series Seven-thirties partly on account, this being a better improvement of their money than lending at the present rates, and partly from the expectation that the Treasury in a few days will become a buyer of them for conversion. The following are the closing rates: Registered of '81, 110¾@110⅞; Coupons of '81, 110⅝@110⅞; Five-twenties registered of '62, 105½@106; Five-twenty Coupons of '62, 107⅜@107½; do Coupons of '64, 105¼@105 3-8; do of '65, 105⅝@106; do January and July, 107⅝@107¾; Ten-forties registered, 99@99¼; Ten-forty Coupons, 99@99¼; August Seven-thirties, 106¼@106⅜; June Seven-thirties, 105⅝@105¾.

The Railway market was strong and higher, but outside the public don't seem to enter the market. The closing prices at 5:20 p. m. were: American gold, 135¾@136; Ohio certificates, 21¾@23; Canton, 43¼; B. W. P., 31¾; Cumberland, 31@31¼; Mariposa, 7¾@8; do. preferred, 20@20¾; W. U. T., 43¾; Pacific Mail, 129¼@129¾; Atlantic 93½@94; N. Y. C., 98⅝@98¾; Erie, 64⅜@64¾; Hudson River, 96¾@96½; Reading, 104½@104⅝; Michigan Southern, 68¾@68⅞; Illinois Central, 113@114; Pittsburgh, 74½@¾, Toledo, 112½@113½; Rock Island, 92¼@92½; North Western, 35¼@36; do preferred, 62¾@63¼; Fort Wayne, 91¾. Border State bonds are firm but quiet. Coal and Miscellaneous shares quiet and steady. The imports of the week were; Dry Goods, 1,292,097; General Merchandise; 3,000,270. The Mining market was heavy at the morning board, with a further general decline and a strong pressure to sell; Gregory and Stark declined to 690, but afterwards recovered to 750. Transactions in Corydon continue to form the principal feature of the market. The stock sold to-day ranged from 100 to 75, and was 105 at the close. The other changes were not important.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
SATURDAY, May 4, 1867.

The most important occurrence in commercial matters during the past week was the starting up of the majority of the rolling mills, and this, must of necessity, improve business somewhat, and local trade, at least, will be more active, and in a much healthier condition. With the exception of Flour and Grain, both of which are excited and tending upward, the general markets present no new characteristics worthy of special notice.

GRAIN—There is a good demand for Corn, and it is said that there are buyers for prime Yellow at $1,11 to $1,12—sale of 137 bush fair at $1,08, and 150 bush, in store, at $1,12. Oats firm and in demand; sale of 2 cars at 64c; 395 bush at 65c, delivered, and 225 bush, in store, at 68c. Barley is quiet and unsettled. Sales of 1000 bush Rye at $1,60.

MILL FEED—Is firm, scarce, and in demand. Sale of 3300 pounds Seconds, on track, at $2,10. Middlings sell readily at $2,25. Bran may be quoted at $1,75.

FLOUR—Is considerably excited, and prices are tending upward. We continue to quote at $14,50 to $15 for good to choice Spring Wheat; $16 to $17 for Winter Wheat, and $18 to $19 for fancy brands. Rye Flour is firm at $9,50 to $10.

PROVISIONS—Bacon is quiet but steady at 9½c to 10c for Shoulders; 11¾ to 12¾ for Ribbed and Clear Sides; 14 for Plain Hams; 15¼ to 15¾c for Plain Sugar Cured, and 16¼ to 16¾c for Canvassed. Dried Beef, 22½c. Lard, 13c, and Mess Pork, $23. Sale of 1800 lbs Clear Country Sides at 11c.

BUTTER—Is in good supply and dull but unchanged—25c to 30c. Sale of 1000 pounds choice grass Butter at 30c.

EGGS—Dull with a drooping tendency, and we now quote at 14@15c.

POTATOES—Continue very dull, but for small lots prices remain unchanged—Peach Blows, in store, may be quoted at 85 to 90c per bushel.

GREEN APPLES—But very few Apples in good condition in this market. We continue to quote at $3 to $5 per bbl.

DRIED FRUIT—Continues dull but unchanged—small sales at 8 to 9c for Apples, and 14c to 15c for Peaches.

HAY—Is quiet and unchanged—small sales of prime baled in store at $25 to $30 per ton.

OIL—Lard Oil is steady, with regular sales at 87 to 90c for No. 2, and $1,08 to $1,10 for No. 1.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE,
SATURDAY, May 4, 1867.

The market was again quiet here to-day, notwithstanding considerable excitement is reported at Oil City and at the wells, and a still further advance has been established, in consequence of heavy purchases by one or two heavy Pittsburgh operators—a telegram to-day quoted at $2,45 to $2,50. The only sales reported to-day were 1000 bbls, on spot, at 6¾; 312 do, on spot, at 6¾; and 2000 for September and October delivery, seller's option, 8½. Quotations may be fairly given at 6¾, on spot, although some holders are asking 7; and 7¼ to 7½ for early and late June. The fact that there is no margin, taking present prices here and at Oil City as a basis, will have a tendency to cut down arrivals, as dealers here, unless it be those who will be forced to buy to cover short sales, will quit business, and wait for prices to improve here or recede at the wells. At present figures, there is not enough left to pay for transportation, and a dealer could not buy there and sell here without actually losing money.

REFINED—There was a little more inquiry for bonded oil to-day, but the market is weak, and prices are unchanged. We can report a sale of 3000 barrels standard white, 1000 May, 1000 June, and 1000 July, all at 27½, delivered in Philadelphia; also, a "call" for 500 bbls standard white, at 28½, buyer advancing one dollar per bbl, and one of our refiners bought a thousand barrels for May, in Philadelphia, prime light straw to white, at 25½. This last purchase was made to fill a contract about maturing in Philadelphia, and we have no doubt the operation netted a very handsome profit to the purchaser, though the transaction is a novel one, a refiner here buying oil there. The demand for free oil continues light, and prices are unchanged.

ARRIVALS—But two arrivals reported to-day, 312 bbls for Jas. Wilkins, and 52 bbls for Wm. McCutcheon.

Total Receipts for the week	21,884

RIVER NEWS.

The river continues to recede steadily at this point with ten and a half feet in the channel by the Allegheny marks, and a little over nine feet by those of the Monongahela. The weather yesterday was cloudy and stormy with indications of rain.

The Argosy left Cincinnati for Pittsburgh on Friday, and the Lorena and Kenton were advertised to follow on Saturday. The Kate Putnam and Nora were at Cairo on Friday, and the towboat Rover, with a tow of empty barges, was at Louisville the same day, en route for Pittsburgh.

Mr. W. S. Patterson, coal merchants of Cincinnati, has purchased the towboat Rover for $8,000.

The Ezra Porter left St. Louis for Pittsburgh on Thursday, and the Importer arrived there the same day.

The Minnie, for Cincinnati and Louisville, is the only transient departure we have to report. She had an excellent trip, having about all the freight she could take and a fair number of passengers. The Kenton, from New Orleans; Argosy, from Cincinnati, and the Lorena, from St. Louis, are among the first boats due.

Some nights since, as the towboats Coal Hill and Little Champion were coming up the river, and when near "Deadman," the former, with a tow of empty barges, and the latter, with several barges of corn, the Coal Hill, by some means or other, struck one of the Champion's barges containing some four thousand bushels of corn, causing it to sink almost instantly in about twenty feet of water. The corn was consigned to Mr. W. J. Meek, of this city, who, we understand, will endeavor to make the owners of the Coal Hill pay for the value of the corn, as well as the damage sustained by the barge.

The Ida Rees, Capt. Joe Brown, is now in turn for Cincinnati and Louisville. The Armenia, Capt. A. C. McCallum, is filling up rapidly for St. Louis and the Upper Mississippi, and will be ready to leave tomorrow. The Bellevernon, Capt. Darragh, is also filling up steadily for St. Louis. These are all good boats.

We observe that the Louisville *Courier* still keeps harping away about the Richmond. The *Democrat*, we are glad to see, says that there are other boats down that way, and that that paper endeavors to treat all alike.

The Columbia, enroute from Pittsburgh to St. Paul arrived at St. Louis on Thursday last.

It is estimated that over two and a quarter million bushels of coal left here on the recent freshet.

The Ajax and Alps arrived at New Orleans on the 30th, and the Boaz, Lake Erie, Silver Spray, and F. W. Strader arrived on the 1st.

The Glendale and Kate Putnam were at Evansville on Thursday, both loaded down to the gouards. The Kenton and Leonora passed Louisville same day bound for Pittsburgh.

A few days ago the New Albany *Ledger* said Wm. B. Lent of that city had in his possession a fine pair of horns, formerly worn by the J. M. White and A. L. Shotwell respectfully, for making the fastest time from New Orleans to Cairo, and that these horns were now open for competition. The St. Louis *Republican*, upon this information says: The *Ledger* man need not fret—the Great Republic will carry the aforesaid horns long before he is a thousand years old.

The ladies of a Baptist Church in Memphis are holding a fair in that city, at which they announce they will present a handsome set of colors to the steamboat receiving the largest number of votes as a favorite. The Great Republic, Richmond, Robert E. Lee and Ruth are the principal competitors. It costs a dollar a vote, and any one may vote early and often—as often as disposed—providing one dollar be paid each time, which is a privilege not experienced in politics.

The Louisville *Democrat* says it is a mistake to think that Capt. Lew. Morris, of the Charleston, has the consumption. It's what he eats that does it. No dried apples and hot water for him.

The Robert E. Lee and General Quitman have extended their trips to Cairo, from Memphis, and will hereafter ply from New Orleans to Cairo.

A St. Louis telegram, under date of May 2d, says: The river is falling here steadily and all the upper rivers are on the decline. A considerable amount of war material is being forwarded by steamers up the Missouri, for the purpose of prosecuting the Indian war. The New York left for, and the St. Marys and Golden Eagle arrived from the Ohio River yesterday. The Albert Pearce has withdrawn from the Saint Louis and Yazoo River trade. The managers of the Alton, Vicksburg and Miami Packet Companies have purchased the large wharf boat formerly used by the Memphis Packet Company. The St. Marys is offered for sale. S. S. Watson, one of the oldest Captains of the St. Louis and Keokuk Packet Line, died last night. The steamboat flags are at half mast.

A St. Louis telegram to the Cincinnati *Commercial*, says: The Edward Walsh, Atlantic and Mary Forsyth, three steamers owned by the Atlantic and Mississippi Steamship Company, were sold at auction, yesterday. The bidding on the Edward Walsh commenced at $2,000, and she was finally knocked down to Fred. Sebastian, of the Union Dock Company, for $6,000. She was built in 1865, at a cost of $45,000. The Atlantic sold for $7,500, to Samuel Stillwell & Co. Her owners refused $17,500 for her a few weeks ago, offered by parties who wished to take her to the Ohio. She was built in 1850, at a cost of $75,000. The Forsyth sold to Stillwell for $13,000. She was built in 1852, and cost $55,000. The machinery of the Walsh is worth more than what the whole boat sold for.

The Great Republic reached Memphis last Saturday week, with two thousand tons, added some cotton and passengers, and left for New Orleans. Capt. Donaldson says that her machinery is now in fine working order, and that she will give a good account of herself on her upward bound trip.

The steamer Walter B. Dance is leading the mountain fleet, and was at Ionia, one hundred and fifty miles above Sioux City, and 1,130 miles from Saint Louis on the 18th ult.

The St. Louis *Republican* is responsible for the following: Capt. Abe Hutchinson of the "Race Horse" packet Phil Sheridan, sends greeting to Captain Stutt Neal, John Cameron, Tom Leathers Donaldson, "*or any other man*," and says "that he will run the Phil Sheridan against the steamers R. E. Lee, Richmond, Great Republic, Magenta, "*or any other man's fast boat*," for the sum of ten thousand dollars, "*or any other man's pile. The race to be from New Orleans to Fort Benton and back*." He also adds that now is the time to "put up or get up," as talk enough has been made about fast steamboats. He further states that he does *not* want "horns" or "bell ropes," but *does* want "*cash*."
